

Save 15% on Orion Star T930 or T940 all-in-one titrator or kit*

Thermo Scientific™ Orion Star™ T930 and T940 titrators are designed to increase your laboratory productivity by automating titrations. Our core electrochemistry technology is integrated with a state-of-the-art reagent dispensing system to create modern, simplified automated titrators designed to make performing titrations easier, more reliable and more reproducible than manual titrations.

- Enables accurate, reproducible results: automating the titration workflow enables analysis to be run using the same setup parameters and calculations every time
- Faster setup time: setup and save electrode, titrant and titration parameters
- Improved lab throughput: start the titration and let the instrument run unattended
- Helps reduce cost and downtime: easily replace titrator parts to minimize maintenance downtime while long lasting electrodes reduce the cost of ownership
- Securely document test results: view results live, in the summary table and within the 100-point data log
- Applications database: tested and validated preprogrammed methods can be loaded onto your titrator
- Pair the titrator option with any of our premium Thermo Scientific™ Orion™ Ion Selective Electrodes or select one of our preconfigured titrator and electrode kits for a bundled discount

Ordering information

Description	Cat. No.
Orion Star T930 Ion Titrator	START9300
Orion Star T930 Ion Titrator Chlorine Kit	START9301
Orion Star T940 All-in-One Titrator	START9400
Orion Star T940 Titrator with ROSS Electrode Kit	START9401
Orion Star T940 Titrator with Sure-Flow Kit	START9402
